

TA FRD ORDERING INSTRUCTIONS

The Felt TA FRD is the most advanced track bike in the world for the unique discipline of pursuit racing, and it features a level of integration that is rivaled only by its groundbreaking level of performance. Because of this integration, each TA FRD is tailored to the specific fit needs of each individual rider.

Here's how to order yours.

1. Determine your fit coordinates and complete the TA FRD Fit Coordinates Form (see "How To Measure Fit Coordinates").
2. Complete the TA FRD Fit Waiver.
3. Submit your Fit Coordinates Form and Order Waiver to Felt Bicycles by emailing them to TAFRD@feltbicycles.com. A Felt representative will then contact you to confirm the details of your order request. **IMPORTANT:** If you are unsure about your fit coordinates/rider position, you have the option of performing aerodynamic optimization testing with ERO Sports (see page 2) prior to submitting your Fit Instructions Form.
4. After a Felt Representative contacts you, you'll then submit a 50% non-refundable direct deposit.
5. Pay your full balance before the end of Felt's 60-day lead-time to ensure that your bike can be shipped as soon as possible (fulfillment of your TA FRD will be handled via an authorized Felt retailer).

ERO SPORTS PACKAGE:

As part of your purchase of a Felt TA FRD, you have the option of taking delivery of your TA FRD in Southern California. If you select this option, ERO Sports (www.erosports.com) will serve as the singular Felt authorized retailer for fulfillment of your TA FRD. Additionally, you will receive a fit and aerodynamic testing from ERO Sports at the Velo Sports Center in Carson, California. This service is included in your purchase price, but is optional. Any and all coordination and/or scheduling with ERO Sports will be conducted by Felt Bicycles. **Please note the following IMPORTANT information:**

OPTION #1: If you're unsure whether or not your Fit Coordinates (rider position) are accurate, or if you would like to fine-tune your fit before submitting your Fit Coordinates and Waiver, you have the option of conducting fit and aero testing with ERO Sports before submitting the aforementioned documents (but after your deposit information is provided).

- If you select Option #1 (above), but then decide to no longer purchase the TA FRD, you will be responsible for payment for services through ERO Sports.
- If you select Option #1 (above), you are still required to take delivery the TA FRD upon completion in Southern California at ERO Sports.
- If you select Option #1 (above), and choose to receive additional fit and aero testing from ERO Sports upon completion and delivery of the TA FRD, this will be independent of your purchase with Felt Bicycles.

OPTION #2: If you're sure that your Fit Coordinates (rider position) are accurate, you have the option of conducting fit and aero testing with ERO Sports upon pickup of the bicycle in Southern California. Please note that if any substantial or significant changes in your Fit Coordinates occur and a new aerobar is required, you will be responsible for this cost.

If you have any questions regarding the ERO Sports Package, fit instructions or aerodynamic testing, please contact a Felt representative at TAFRD@feltbicycles.com.

Would you like to utilize the optional ERO Sports Package? YES NO

If "yes," which Option (above) would you prefer (#1 or #2)? Option #1 Option #2

If "no," please note your preferred authorized Felt retailer (a complete list of authorized Felt retailers can be found at www.FeltBicycles.com):
