

IA/IAX CABLE BTSPAC INSTALLATION

IA / IAX Cable BTSpac Installation..... Pages: 2 - 3

Step 1: Remove the rear wheel to simplify the installation.

Step 2: Install the lower screw. Turn 3 or 4 revolutions.

Step 3: Slide the box up over the top screw post. Insert the top screw and tighten to 4Nm.

Step 4: Tighten the lower screw by inserting a ball-end Hex wrench through the hole on the bottom of the box. Tighten to 4Nm.

Step 5: Insert the supplied plug in the hole to seal it.

Step 6: Reinstall the rear wheel.
